

Mustique Charitable Trust awards Bursaries

In its 12th year since inception, the Mustique Charitable Trust has awarded three students with 2021-2022 Bursaries at the University of West Indies Open Campus.

The three are Jozel Lewis-Bachelor of Science: Banking & Finance (Special); Kerlisa DaSilva-Bachelor of Science: Psychology and Tevin Bynoe-Bachelor of Science: Accounting.

The Mustique Charitable Trust initiated its Bursary Award Programme at the University of the West Indies Open Campus (St. Vincent) back in February 2010. Since then, 38 Bursaries have been awarded with 22 students successfully acquiring their respective degrees.

Adhering to the Covid-19 restrictions and protocols, a small Handover Ceremony was held at UWI Open Campus Conference Room where this year's recipients received their laptops.

Dularie Malcolm (Mustique Charitable Trust Administration Director) thanked UWI Open Campus for their administration of the Bursary Programme and commended the mentorship support programme available to the bursary recipients if and when they face challenges.

L-R: Deborah Dalrymple (UWIOC), Jozel Lewis, Tevin Bynoe, Kerlisa DaSilva, Dularie Malcolm (MCT)

Deborah Dalrymple (UWIOC Head of Site) thanked the Mustique Charitable Trust and highlighted that this programme awards the most substantial bursaries at the UWI Open Campus since it provides each recipient with 60% of their academic fees along with a laptop.
